Community | Decentralized | Transparent

1. Introduction

Bharat Coin (BHRT) is a community-driven BEP-20 token deployed on the BNB Smart Chain. The project aims to build a transparent, accessible, and decentralized digital asset ecosystem supported by an active and growing community. BHRT is designed to be inclusive, fast, and cost-efficient — making blockchain participation accessible to everyone.

2. Vision

Our vision is to create a trusted blockchain-based community project that promotes transparency, active participation, and long-term ecosystem growth. We believe in the power of decentralization to empower individuals and build a fairer digital economy.
